Need Help adding the following Left Sidebar Menus and will want to create a flexible page per each link.

On the **RESOURCES** page:

Academic Regalia
Accessibility and Inclusivity
Design and Décor
Etiquette and Protocol
Professional Development
Safety and Emergency Preparedness
Templates & Forms
UA Branding
University Policies

On the **ERG MEETINGS** page:

Past Meeting Presentations
COVID-19 and Events
TBD

Also, please help with Carousel photos – how to make them the same size and appropriately placed on the page for both Resources and ERG Meeting Pages.
